

K-5 DISTANCE LEARNING PARENT SURVEY RESULTS APRIL 22, 2020

689 responses

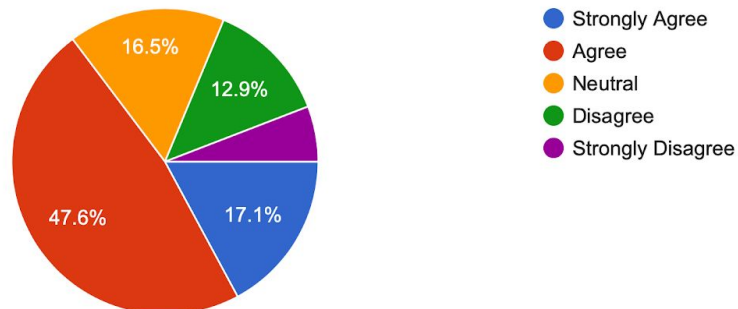

My child's classroom teacher provides satisfactory and meaningful academic experiences.

682 responses

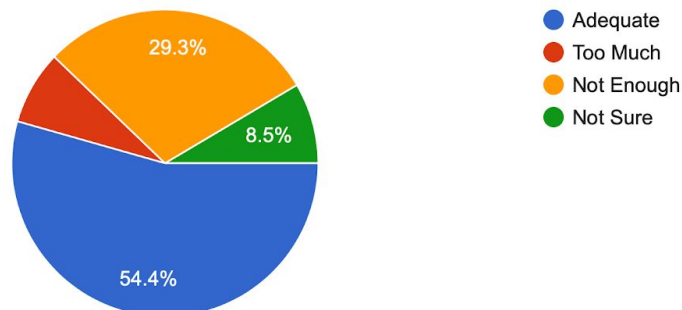

The grade level core lessons provide experiences that are reasonable for children/parents to execute given the constraints of distance learning (Math, Science, ELA and Social Studies).

683 responses

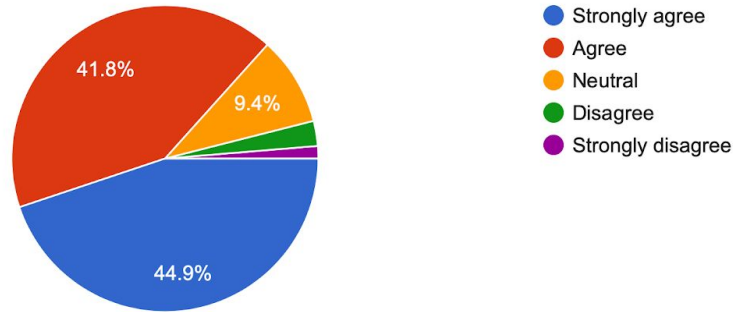

The amount of time my child spends each day on academic work is:

682 responses

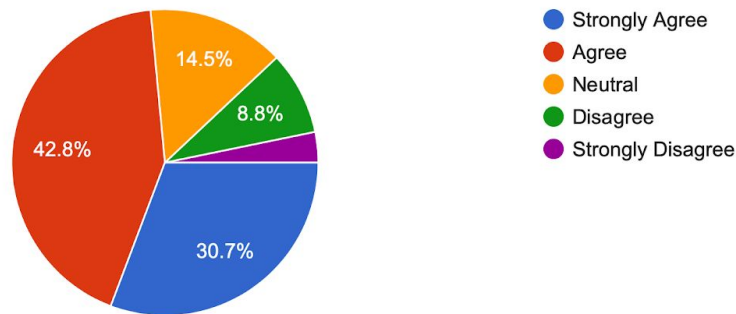

The Google Classroom platform provides a better experience for learning than the initial 10 days of distance learning (via the Google doc):

682 responses

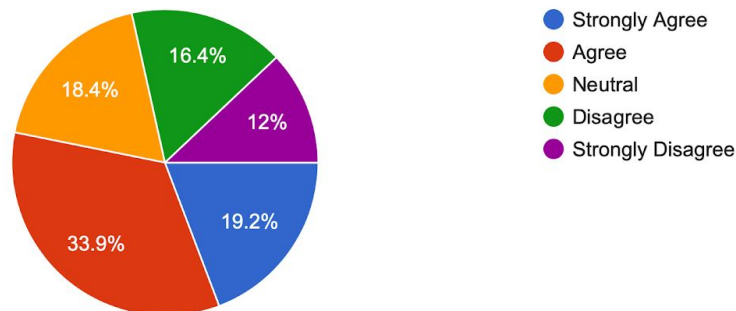

The Morning and Afternoon Meetings with the classroom teacher supports my child's social / emotional needs (with email exchanges and Google Classroom communications).

683 responses

The Morning and Afternoon Meetings with the classroom teacher supports my child's academic needs (with email exchanges and Google Classroom communications).

681 responses

I rate my family's overall experience with Distance Learning as:
